SPECIFICATIONS

12" wide electric restaurant range, Vulcan Model No. EV12-2FP-208. Fully MIG welded aluminized steel frame for added durability. Stainless steel front, sides, back riser, plate shelf and 6" adjustable legs. Two 9 1/2" round, 2 KW French plates with infinite heat control switches on 208 and 240 volt units. Each 9 1/2" round casting is rated 2000 watts at either 208, 240 or 480 volts. On 480 volt units each casting is controlled by a 3 position heat switch: High = 2000 W, Med = 1000 W, Low = 500 W.

Vulcan Model No. EV12-1HT-208, includes one 12" x 24" 5 KW cast hot top that is thermostatically controlled. Temperatures range from 340°F to 750°F. Hot top not suitable for griddle work. Available in single phase only.

Exterior Dimensions:

34 2/3"d x 12"w x 31"h on 4" adjustable legs
